

# STONE HOUSE COTTAGE NURSERIES

## 2020 Plant List

My retail nursery specializes in wall shrubs, climbers and lesser grown herbaceous plants. Almost all the plants for sale can be seen growing in my 3/4 of an acre walled garden that lies beside the nursery, and I encourage visitors to look round the garden before going to the nursery.

I grow practically all of my stock myself, some in small numbers, and hence this list is only a guide to what I have in stock at any one time. Customers, who wish to buy a particular plant, especially early in the season, are recommended to ring or email to check availability.

I prefer to minimise plant prices by *not* doing any postal service and regret that I can no longer accept orders.

### Times of opening 2020:

1st April to 29th August | Wednesday, Thursday, Friday and Saturday | 10.00 am to 5.00 pm.

**I may change my opening times in 2021. Please check my website before visiting**
